ABOUT US

Location-wise ECMT has one of the most beautiful campuses in this part of India. Situated in rolling parkland on the edge of Barasat, the campus combines award-deserving architecture with green open space. The campus is surrounded by pollution-free Park / play ground - just a few minutes away from the lively city.

The ECMT Campus fuses together a number of creative and business disciplines and is located at the heart of booming creative surroundings.

From its foundation, ECMT has had an international perspective to its academic activities and its outlook. Our forward looking academic and industry-oriented teaching tackles Major Indian and global issues, with leading areas of expertise.

We, at ECMT believe in establishing a long tradition of engaging with business and the community, which could continue through activities such as Innovation Centre, public lectures and service to the community. Our goal is to help businesses and organizations in the region in particular and develop higher staff skill levels through training, and to stimulate innovation through partnership with other institutions outside ECMT to benefit the wider society.

Thus ECMT is an one-stop venue for promoting a vibrant and sustainable atmosphere for teaching-learning. Besides academics, the students get an exposure to the world of co-curricular activities which help them in shaping their personality.

Thus , the cornerstone of the successful evolution of Eminent College of Management and Technology lies in its meticulous tutoring and mentoring of the future professionals of the industry as well as of academia and citizens of the society where the Institute's success has always been directly proportional to the success of the students.

Eminent College of Management & Technology aims to make learning possible by the discovery, acquisition and application of knowledge, diverse learning experiences and interactive teaching learning process. In ECMT, education is delivered with a concern for the world in which we live and for the betterment of society by extending its educational, industrial and cultural resources and technological expertise. The College seeks to promote the intellectual and ethical life of its students, preparing them for rewarding careers, personal development and contributing towards social progress.

All the members in ECMT are determined to create academic excellence and a global campus culture that prepare students to fulfill their academic, professional and social goals & can produce the best human resources who are equipped to address the increasing demand and professional necessities of modern industry. All the members are dedicated to form a unique Centre of learning with multifaceted activities where young and eager school-leavers are transformed into trained and knowledgeable professionals, ready to face the challenges of the modern world.

To enrich the knowledge of the students and teaching professionals in a continuous way by providing them the state of the art facilities and to keep them abreast of the new ideas and thought in the field of modern education.

To encourage Faculty Members to pursue research in related fields and to develop full fledge Research wing within house research facilities to facilitate the faculty Member to enhance their knowledge through experimentations in teaching and learning with a global outlook.
